

The graph displays two time series, one in blue and one in red, plotted against a date axis. The x-axis is labeled 'Date' and has major ticks for Aug 01, Nov 01, Feb 01, and May 01. The y-axis is unlabeled but has a grid. Both series show a sharp increase starting around November, peaking in late April/early May, and then fluctuating. The blue series has a higher peak than the red series.
